
NABL PROFILE

National Accreditation Board for Testing and Calibration Laboratories (NABL) is an autonomous body under the aegis of Department of Science & Technology, Government of India, and is registered under the Societies Act.

NABL has been established with the objective to provide Government, Industry and Society in general with a scheme for third-party assessment of the quality and technical competence of testing and calibration laboratories. Government of India has authorized NABL as the sole accreditation body for Testing and Calibration laboratories.

Our mission is to

Act as organizational catalyst

And to

Create change with established relationship.

What are benefits of accreditation...?

1. Potential increase in business due to enhanced customer confidence and satisfaction.
2. Savings in terms of time and money due to reduction or elimination of the need for re-testing of products.
3. Better control of laboratory operations and feedback to laboratories as to whether they have sound Quality Assurance System and are technically competent.
4. Increase of confidence in Testing / Calibration data and personnel performing work.
5. Customers can search and identify the laboratories accredited by NABL for their specific requirements from the directory of Accredited Laboratories.
6. Users of accredited laboratories will enjoy greater access for their products, in both domestic and international markets, when tested by accredited laboratories.
